A Note from Mrs. DiCenzo

Dear Parents,

One person can make a difference when they briefly touch our lives. Our teachers at James B. Edwards make a difference every day. They are dedicated, caring, and advocates for your child in all they do. Next week is teacher appreciation week. When you see one of our teachers, please tell them how much you value what they do. Thank you and have a great week.

Anne DiCenzo, Assistant Principal
